ENROLLMENT CLIMBS

About 900 full-time day students are enrolled this year, a 30 per cent increase in enrollment over last year, while the total number of students is 2000, an increase of 10 per cent. This year, in addition to freshmen, many intelligence students, including 150 women, are also enrolled. The college expects to reach its enrollment goal of 2500 by the end of the fall semester.

ZAVARELLA ASSISTANT TO PRESIDENT BISHOP

Victor Zavarella, administrative assistant to President Bishop, has been appointed as assistant to the president. Mr. Zavarella has been associated with the college for many years and is well known to many of the students.

ADD 900 BOOKS

Nine hundred new books have been added to Canton College Library this year. The total number of books is now over 5,000. The library is open from 9 a.m. to 9 p.m. during the week and from 9 a.m. to 5 p.m. on Saturdays.

GRANTS AVAILABLE

About 250 grants are available to students in need of financial help. The Illinois State Scholarship Commission last year awarded scholarships to 12 students enrolled here.

LEARNING COMES FROM WITHIN

Approximately 200 students made changes in their study habits this year. Some students have found that they learn better when they read in a quiet, well-lit room. Others have discovered that they learn better when they study in a noisy, crowded room. Some students have found that they learn better when they study in the morning, while others learn better in the afternoon.

Dean's Suggestion May Solve Parking Dilemma

One of the major problems which faces many C.C.C. students is the lack of parking space on campus.

This problem is the result of an overload of students on campus. A large number of students are forced to park in the parking area, where they are often forced to walk for blocks in order to find a parking space.

The suggestion could be to build a new parking area, which would be more accessible to students.

The idea is to build a structure on the lot, which would provide space for at least 200 cars.

The estimated cost of the project is $200,000.

The project would be funded by student fees, which would be increased by $1 per semester.

By J.R.C. Bishop, President, Canton College

Some 1,200 college students have enrolled this fall at Canton College with the hope that Canton College will open on new doors to opportunity.

Many students are away from home for the first time with no one to direct or assist them in their studies, play or social life. Consequently, the individual student must decide for himself or herself on how to operate in this new environment.

Canton College does not offer educational opportunities for their last year of attendance and sometimes it is too late, while others never realize these values.

One can profit from these discoveries throughout his entire college career if he finds them as a freshman. A college education is not just the course one takes, but more broadly, it involves development of the whole person.

One can profit from these discoveries throughout his entire college career if he finds them as a freshman. A college education is not just the course one takes, but more broadly, it involves development of the whole person.
DOORS APPEAR AT H.S. GYM
By Skip Daniels
Psychological sounds, produced by the "Doors", filled the Canton Senior High auditorium, Sept. 18. The "Wild Life", an incident out musical combo from Ohio, preceded the "Doors" on stage, and created a more famous California atmosphere.

The "Doors" played their hit "Light My Fire" and "Hello, I Love You" and several songs, including "Sergeant Pepper's Lonely Hearts Club Band".

There was one terrible drawback, however. The audience was not quite prepared to listen to their type of music.

First impressions are usually a determining factor in whether you are going to get along with a person. This is the contributing factor in the case of the "Doors." Playing their selections, it appeared we were on a "tip".

A professional entertainer whose first impression here last year was so great with students and townspeople that he has been invited to give another concert, a Roger Williams, his time plan playing will be heard in the CMS auditorium the night of Oct. 17.

Before the "Doors" made their torturous way to the stage the opening act, Piano, filled the CMS auditorium with several local combos, competing in the annual "Battle of the Bands," entertained an audience of about 500 people, and wore more applause than top rating. Making up the group were Ray Lewis, Karl Rediger, David Lewis, Jerry King, Mike Morrell, and Carol Crensa. They were awarded gift certificates for their performances of "Ode to Billy Joe," "Mister, You're A Better Man than I," and an original composition, "Superfly Blasphemy."

Another combo competing in the "Battle of the Bands" were; The Guys, Page 1 and the Articles, and Ruggare's Opera.

LIONS SPONSOR EYE BANK
Between 70 and 80 area residents have signed up with the Eye Bank, a project sponsored by the Canton Lions Club, according to Myron Topper, chairman.

A new project for the local service club, effort was started just this fall to enlist as many persons as possible in the Eye Bank program.

A card is issued to each person signed up which states that he has agreed that after his death his eyes will be donated for scientific use.

Many of the adults who have signed with the Eye Bank are members of the Canton Lions Club, which also has many other sight-saving projects. Each year the club buys corrective glasses for school children whose parents are unable to pay for the glasses. The club has also bought lights for schools and has contributed money to a national school to provide guide dogs for blind persons.

NEW EDITORS

Marcia Becker of Bourbonnais, and Barb Emms of Elwood, are the new co-editors of the college yearbook, the Shield.

Miss Becker is a 1968 graduate of Limestone High School where she served three years on the yearbook staff. In her senior year she was co-editor. She served as class editor on the Shield last year.

Miss Emms, a 1968 graduate of Elwood High School, served on the yearbook staff as layout editor.

Both girls are seniors and are planning on attending Illinois State University next year. Marcia is preparing for elementary education and Barb's plans are for business.

The girls have a job ahead of them to match last year's yearbook. Candy Hatch won the Yearbook Efficiency Award, which means careful planning, neat and accurate work and meeting of deadlines.

POST OFFICE REQUESTS

Canton Post Office receives 7,000 letters and sends an equal amount of mail out of the city daily.

Bill Spletch, acting postmaster for the Canton Post Office, explained the importance and use of our local Zip Code. Canton receives so much mail in a 24-hour period that they can only be speeded up by use of Zip Code numbers.

According to the local postmaster, it is just a matter of time before a new scanning device will be used to separate letters into Zip Code areas. The scanner will speed the letters with Zip Code numbers on their way while the other mail without a code number will leave the post office later.

Spletch hopes college students who live in Canton will write the number 61820 on their return addresses and suggests that they use the Zip Code directory in the Post Office lobby to find the proper number for correspondence going out of the city. Zip Code helps postal workers keep pace with rapidly mounting volume of mail, postal authorities believe. Post offices throughout the country handle more than 74 billion pieces of mail a year. The mail volume rises more than two billion pieces each year.

NEW TEEN CENTER OPENS

A new teen center is open at 67 East Elm Street from 3:30 p.m. daily except Sundays.

The center is open to all college students as well as high school students. Membership cards will be sold for $2.50 each. Cards can be withdrawn if the member misbehaves, Absolutely no drinking will be permitted on the premises. There will be dances every Friday and Saturday night. Members will be admitted to these dances by paying $1.

ENTERTAIN VETS

The Young Republicans of Canton Community College have pledged their assistance in banding-up the drive to help entertain 125 disabled veterans from the Great Lakes who will be visiting Galena the week end of Sept., 29-Oct. 1.

Among the activities planned is a dance Saturday night at the Hotel Castor Ballroom. Any girl who is willing to assist in this project by serving as an escort for one of these young veterans is asked to contact any member of the Young Republicans or Pay- lene Conard.

SHARPSHOOTERS GALE
By Sam Gowers and Al Ford

Canton's Crusaders acquired several outstanding freshmen for the rough basketball season ahead.

Leading the scores in 49TH RON BRAWNS of Chicago, Ron played varsity at Marshall High School, backside led his team in rebounding (12 per game) and scoring 314 points a game.

KEEN WARD, 6'7" pivot man from East Peoria High School in East Peoria, Ill., was the tallest man in the tough Mid-State Nine conference, and played well enough to win all competition. Ward has more than his share of potential and should be a big asset to the Crusaders open attack.

LEWIS JOHNSON, from Grand Ronde High School in Chicago, has joined Coach Kim Heeren's impressive squad. Johnson, 6'8" averaged 23.4 points per game last season, and he was particularly noted for his ball handling and tremendous desire to win.

JUDY HALE, a 5'9" forward from season-three Plant City High School, should help augment the Crusaders power on the boards. Rose was the leading scorer for Plant City High School's team this past season averaging 21 points per game. He was also the leading rebounder with an average of 16 rebounds per game. Rose was the captain of his team, and a unanimous choice for all conference honors. He has great desires and is in a line all around ball player.

CARL JOHNSON, a 6'11" Jack from Deans Mines Technical High School in Deans Mines, Illinois, held more than his own in contests to the Crusaders seasoned season ahead. Johnson weighs 190 pounds and is noted for his graceful jumping ability. He lettered one year in high school and is just coming into his own as a good scorer from the guard position. Johnson will fit in with the group pattern that the Canton College Crusaders have become famous for.

JUDY CLEMMEN, a 6'2" cent. for the strong Greenfield High School team this past season, has enrolled for the full semester of 1967, Clemens, who has lettered three years at his local high school, was the second leading scorer this past season with a 17.4 average. Greenfield advanced to the sectional before being eliminated by powerful Galena, Judy was the team's leading rebounder with 17.2 grades per game.

GEE TEES LABORTE from Galena, will also be an asset to the Crusaders. Bruce averaged 15 points and 10 rebounds per game. He is very versatile and can play either forward or guard.

PAT ALLE, Canton athlete who transferred to CCC from Western Illinois University at Macomb, where he played regularly on the freshmen squad, is another team's leading rebounder in this year's Crusader team.

With these fine freshmen and the returning sophomore from last year's surprise squad, Coach "Slim" Jim Heeren and "Eeny" Ed Gehrig should be able to sit back in comfort and watch another successful season roll by and hopefully end in Hutchinson, Kansas.
