NIXON EDGES R.P.K. IN STRAW VOTE

MORE HAWKS THAN DOVES ON CCC CAMPUS

DECAVIDLY more “hawky” than “dovey” did 213 voters prefer Richard Nixon to all other potential presidential candidates. Robert Kennedy, top vote- getter among the democraets, received 212 fewer votes than the GOP winner in campus voting April 3 and 4. Slightly less than 200 ballots were cast in the straw vote sponsored by the LANCER, Newspaper staff members, in charge of the two-day-long event which was open to all freshmen, sophomore, and junior students, said 21 teachers and four secretes were included among the 200 who expressed presidential preferences but no effort was made to keep their votes secret.

Final tally of votes gave these results:

For the Republican party --
Nixon, 60; Charles Percy, 14; Norman Mailer, 4; Ronald Reagan, 7; New York City Mayor John Lindsay, 1 (write-in).

For the Democratic party --
Kennedy, 61; President Lyndon Johnson, 26; Eugene McCarthy, 2; Ted Kennedy, 1 (write-in).

Other political parties -- George Wallace, 6; Dan Garrett, 1 (write-in); Johnny Carson, 1 (write-in).

Voters were also given the opportunity to evaluate themselves in regard to the Viet Nam war on a nine-point scale. A total of 82 persons placed themselves on the side of the Hawks while 15 persons showed a preference for a “Dove” attitude and 26 placed themselves in the middle. Nine persons made no mark on the scales.

A similar poll at Bradley University 626 voters rated themselves “Hawks” “Doves” while 230 voters were “Symbols” and 137 students placed themselves in the middle of the students who placed their check directly in the middle.

Students line up to cast their ballots for their favorite presidential candidate at the LANCER-sponsored straw vote in Dahm Hall.

235 APPLY FOR ENTRANCE TO CCC

Students and faculty at Canton Community College were in high spirits when 235 applications were received to attend Canton Community College next fall. Of these applicants, 75 of them are residents of the P.M.A., Junior College District, and 150 have applied from outside the district. Some feelings have been received from as far away as Akron, N.Y., and Japan. Mrs. Phillips told of one applicant who said that she received a number of inquiries from persons interested in the curriculum of Civil Engineering Technology, Farm Machine Technology, Agricultural Management, and Machine Design Technology because these fields are not offered at many Junior Colleges in this area.

Joins Staff

Dr. Walter Kairricke, former superintendent of Havana schools, will serve as business agent for the new Class I FMK junior college.

His appointment was announced April 1. He will assume his new duties July 1, the same day a new board of trustees will begin its duties.

A graduate of Pella Community High School and Western Illinois University, he earned his bachelor's degree in 1960 at Indiana University.

He and Mrs. Kairricke are the parents of six children ranging in age from three months to 13 years. The Kairrickes reside at Havana.
DAHM NEEDS MORE FIRE DRILLS, EXITS
By Jim Hogan

Does Dahm Hall have an adequate fire escape system? If fire were to break out in Dahm Hall, could the building be evacuated in time without the use of the stairway?

Between 300 and 400 students are in Dahm Hall in wooden classrooms during most periods of the day. Between classes, the stairway between the first and third floors can become blocked with students and all movement on the stairs can be stopped and become backed up in the hall.

The cooling system is located under the stairway in the wire mesh room in the basement. If a belt overheated, or an electrical fire started, the wooden stairways on all three floors could be blocked by fire in a few minutes.

Every person in the building would have to use the fire escape. On the average about 150 students would be on each floor. The first floor would be able to get on the fire escape easily. The second floor could easily become blocked by students coming down from the third floor and students on the second floor would become backed up in the hall.

Up and down this narrow stairway in Dahm Hall pass several hundred students daily. They would have to use the outside fire escape if fire should ever break out.

LANCER LAMENTS

Some of the events we liked last year that are missing this year, such as:

- Concerts and programs by such entertainers as the New Christy Minstrels and The Lettermen...
- "Roscoe", the fire department's huge mascot...
- Wrestling champs bring home trophies...
- The Chrusaders Debate Team...

Tom Zimarni, Karl Taylor and Dick (Johnny Carson) Bales, teachers we lost to other junior colleges.

But on the other hand...

LANCER LAUDS

Dan Kelly and Jack Flanagan, Student Senate president and vice president, who have stuck to a tough job all year. Last year the Senate "went through" at least three presidents who gave up and quit school.

Freshmen who are circulating petitions for Senate leadership positions.

Students who are beginning work on a semi-
musical for production next month.

Track, baseball and golf team members who work out regularly despite cold, wet weather.

Reprinted from Illinois Valley C.C. APACHE

LIBRARIAN TO JOIN HUSBAND IN GERMANY

To a person who has never been abroad, going to Germany could be a traumatic experience. But Mrs. Frances Rapson, leaving Monday for Glessen, Germany, says the only thing she fears is the change from one climate to another in New York City. She is a librarian at Canton Community College.

Mrs. Rapson is going to Glessen to live with her husband stationed there in the U.S. Army. She has been a librarian at the college since October, 1957.

Her last day at the college library will be tomorrow. Mrs. Rapson said she has enjoyed her work library while she has been here. While here in Canton she has been living with her parents, Rev. and Mrs. Noel Myers, 471 S. Main Street. She is a graduate of FL Wayne Bible Institute, FL Wayne, Ind.

Her husband, Bill, graduated from International Business College in FL Wayne and entered the service several days following graduation.

While stationed in Glessen the Rapsons plan to travel to Switzerland, Spain, and France. Mrs. Rapson will leave Chicago tomorrow to New York City at 7 a.m. Monday. She will transfer from her plane, board another, and leave New York at 5 p.m. The plane will fly non-stop to Frankfurt and arrive at 6:30 a.m., Tuesday. The flight will be between New York and will take between six and seven hours.

Mrs. Rapson said her only problem in Germany will be the language barrier. She said, there will be changes in the base in Glessen where she will be able to learn the language.

Glessen is a city of over 50,000. It is located north of Frankfurt.

Their address until they move into their apartment in Glessen will be P.O. Box, and Mrs. William Rapson, Bldg. 100,51359, Lcldl, 42nd S.R.T.Y.R.B., APO 09116, New York.

"Somebody said that in order to live off of a garden, you practically have to live in it."

-J. D. Eldridge, Overton (Tenn.) County News.

Pam Stoneking's paper parrot, brilliantly colored, attracted eyes of passers-by. It was one of several art class projects on display in Dahm Hall windows last week.

A prettier fish than most of those found in aquariums resided last week in the dry air of Dahm Hall display windows. The glistening paper and wire sculpture project was made by Melvin Budd.

NEGLEY IS PART-TIME TEACHER

A part-time speech teacher, Darrell Negley, is the youngest instructor at Canton College. He is 22 years old and a full time teacher at Glasgow High School. Negley was graduated from Cuba High School, Canton Community College, and Western Illinois University. He received his bachelor of Science in Education from Western last spring.

While attending Western he was a member of Delta Sigma Pi (a social fraternity), Western Illinois University Theatre, W.U.D., Broadcaster's Club, and University Union Board Committee.

Negley enjoys hunting, fishing, and water-skiing, but his one big hobby is showing Quarter horses. He attends between one to three horse shows a week. Negley says that he thoroughly enjoys teaching and definitely plans on making it his life time profession.

FIFTEEN PLAN FLORIDA TRIP

Like many other students tired of winter weather and studies, Clinton College students will be looking for sunshine and fun in the south during spring vacation.

At least 15 CCC students told Lancer reporters they expect to spend April 12-21 in Florida. Several said they would stop off in Kentucky enroute to visit Murray State.

Among those Florida bound are Larry Rogers, Terry Way, Lerris Smith, Jim Grady, Jack McDonald, John Grady, and Barry Stephens. Most of them are going to Daytona, others to Clearwater.

A number of students asked about their plans for spring break said they would probably stay home and visit or go to Florida.

Westover is the best place for one and all. If you are not there, you are missing out on a great place to visit.

The members of the club are planning to go to the Florida Keys in the hopes of finding some good fishing.

CAMPUS LIFE
FMT Class Has On-The-Training

Farm machinery valued at about $340,000 is being assembled by 28 Farm Machine Technology freshmen at Canton College.

Over 18 different kinds of farm machine units from 10 different farm machinery dealers in the area pass through the doors of Swartsbaugh and Essex halls as students learn more about machinery set-up.

In groups of four students with a tech instructor as foreman, freshmen spend a greater part of each day rending instructions and putting together tillage equipment. The instructors are Jesse Brandt, Harold Huber, Harold Whidower and Don Whiton.

The equipment ranges from five - to six-bottom plows, 15 to 21-foot discs, cultivators 14- to 18 feet long, 18 to 12-foot cultivators, four-row planters, mowers and a manure spreader. All of the equipment comes to the shops packed as it were sent straight from the factory.

After each machinery is assembled, an instructor inspects the piece of equipment. If it meets his approval, it is sent back to the dealer. Area dealers not only supply the machinery, but also pay costs of transporting it to Canton.

Although no charge is made for furnishing the machinery nor for the work done on it since it is an educational project, one student estimated that at $1.00 an hour for labor, the amount of work done in the four-week period would amount to $4,000.

With an instruction book nearby in case there's a snag, Farm Tech Freshmen carefully assemble a disc.

Unloading a field cultivator, Canton College Farm Tech students carefully guide the machine into the rear of Swartsbaugh Hall.

Easter bunnies, arriving early in Dahm Hall lobby, draw admiring glances from Mrs. Myrna Harmas, Marchia Shumaker, Wayne DeMott and Gary Meyers.

PICKE "PETE" OVER BIG "E"
By Mike Murphy

It's a bird, it's a plane, it's Superman — expanded as Pete Maravich, He's the Louisiana State's high-flying, mile-measured basketball star. At 155 pounds, he certainly is no match for Superman but ask his opponents about Pete and they'll tell you he is the closest thing to him.

Recently Elvin Haynes of Houston, was chosen Player of the Year. That honor was definitely accorded him after the U.C.L.A. game. Haynes poured in 59 points and grabbed 24 rebounds. He basked in glory until the end of the year.

Elvin's scoring average was 28.1 during the regular season. Houston is an independent school (one that does not belong to any specific conference or league). The caliber of teams they played this season was truly weak. The exception was, of course, U.C.L.A. They split two games with them and the second meeting was a decisive victory for the Bruders. Furthermore the Cougars lost to Ohio State, one of the heaviest impressive teams to represent the Big Ten in years.

While Elvin was playing against mostly small schools, Maravich was playing defense put up by such awesome powers as Kentucky, Vanderbilt, and Tennessee. Southwestern Conference teams are known for great basketball and good defense. Pete averaged ten plus 45 points a game in competition for superior to what Haynes had to deal with.

The "Big E" is 6'7" and a good shot. This will make him a great pro in the future. The last week with the San Diego Rockets of the NBA for $10,000.

"Pete" is on his own now and at 7'5 he has a fabulous career ahead of him. According to Condé, "To Col. 4.

BELSHAW'S INTRAMURAL CHAMPS
Capt. Brad Belshaw's Team No. 4 won the intramural basketball championship in a play-off March 23. Awarded Intramural Champions were Belshaw's Team No. 4, Terry Koch, Keith Eagle, Mike Murphy, Bob Hagaman, Dick Meade, Jim Calhoun, Jim Meister and Kent Mann.

The championship game between Team No. 2 and No. 3 met with Team No. 2 coming out on top of a 61-55 score. About an hour later teams No. 4 and No. 3 clashed for the title. For the first half it was a pretty dead game, the second half was a different story when both of the last performances for Team No. 2 folded out just two minutes into the second half. With only five players left to keep the lead, Team No. 2 fought valiantly but the eventual champs outdistanced them.

SURPASS LAST YEARS WINS

Already showing signs of being a much stronger team than last year, the Crusaders won their first game of the 1968 season, defeating Western's freshmen 9-1.

They dropped the second game of the opening weekend April 1 at Canton's Athletic Park by a score of 0-5. Before meeting Joliet the following Saturday here, the Crusaders traveled to Iowa where they tangled with Burlington. There ECC won the second game 10-6 after dropping the first one 6-5.

Last year the team won only one contest, Doug Johnson was the winning pitcher for that game and the first of his career. Against Will on April 1, he allowed only two hits while walking three opponents in seven innings on the mound.

Jason Ponce, outstanding catcher on last year's team, caught seven in the opening doubleheader, got a double in the first game resulting in two runs.

Shortstop Mike Crosswell, who saw action in both the first-day games, slammed a ball over the left field fence to drive in two runs in the fifth inning of the first game.

At Burlington April 2 to a homer in the first inning by a member of the host team starting coach Harry Smith's Crusaders, but Ron Gardner, Crusader third baseman, countered with a grand slam in the fourth inning to put Canton ahead 4-2.

Grand slams became almost as common as new full groups when Burlington's Bill Merchant connected for one in the fifth. The Iowa team scored again in the sixth, overcoming Canton's runs in the fifth and seventh innings.

In the second game, the Crusaders scored four runs in the third, of one of them another homer by Gardner. This squelched Burlington, who had scored three runs in the second.

Everyone went the Crusader's way in the fifth inning. A wild throw by the Iowa pitcher, a walk with the bases loaded, and two sacrifices, clinched the win.

And he missed it! Tom Durst, Crusader golfer, braves rain and wind to practice for upcoming matches.

Another new look on the fashion scene for this year is the "Easter" look of the "Bonnie and Clyde" style. This style features the sleek, midriff look of the 30's with the ever-famous French beret. Although Canton stores don't feature this look, as of yet, for the Easter parade, there are hats available with an inspired look of the "30's".

And this season flowers are all the rage again here in the Midwest. Flowers in such brims of the hats and flowers to completely cover the hats. There are posies of every type from roses in black and greens to clusters of every shade of the rainbow not to mention many unidentified species in every shade and color to deck an Easter hat in style.

All in all, Easter this year promises to show every style, color and size of hats in the world of women's fashion. (lists by Scripps)
