Independent Auditor's Report

Board of Directors Spoon River College Foundation Canton, Illinois

Opinion

We have audited the accompanying financial statements of Spoon River College Foundation (the "Foundation"), a nonprofit organization, which comprise the statement of financial position as of June 30, 2023, and the related statement of activities, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of Spoon River College Foundation as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States ("GAAP").

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Spoon River College Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Spoon River College Foundation's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of Spoon River College Foundation's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Spoon River College Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of changes in net assets is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies

Nature of Business

Spoon River College Foundation (the Foundation) was formed under the General Not For Profit Foundation Act of the State of Illinois on May 21, 1979. The Foundation has been approved by the Commissioner of Internal Revenue as an exempt organization under Section 501 of the Internal Revenue Code. Contributions to the Foundation qualify as charitable contributions for federal income tax purposes.

The Foundation was established to assist in carrying out the educational functions of Spoon River Community College. The Foundation provides funds by solicitation and receipt of grants, endowments and other funds and the allocation of these funds to the College for educational, service, capital and other institutional needs.

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States ("GAAP").

Net Assets

Net assets and revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Net assets without donor restrictions: Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net assets with donor restrictions: Net assets subject to donor or certain grantor imposed restrictions. Some donor imposed restrictions are temporary in nature, such as those that will be met by the passage of time, long-lived assets placed in service, or other events specified by the donor. Other explicit donor imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Contributions and Revenues

Contributions are recognized when the donor or grantor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions received are recorded as support with donor restrictions or without donor restrictions, depending on the existence and nature of any donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restriction. If a restriction is met in the same period that the contribution is received, the contribution is reported as net assets without donor restrictions.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Contributions and Revenues (Continued)

Contributions, including promises to give, are considered conditional or unconditional, depending on the nature and existence of any donor or grantor conditions. A contribution or promise to give contains a donor or grantor condition when both of the following are present:

- An explicit identification of a barrier, that is more than trivial, that must be overcome before the revenue can be earned and recognized
- An implicit right of return of assets transferred or a right of release of a donor or grantor's obligation to transfer assets promised, if the condition is not met

Conditional contributions are recognized when the barrier(s) to entitlement are overcome. Unconditional contributions are recognized as revenue when received.

Unconditional contributions or conditional contributions in which the conditions have been substantially met or explicitly waived by the donor are recorded as support with or without donor restrictions, depending on the existence and nature of any donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Contributions of assets other than cash are recorded at fair value at the date of the donation. The Foundation reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Promises to Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Income Taxes

The Foundation is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

The Foundation files Forms 990 (Return of Organization Exempt from Income Tax) annually. When these returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would ultimately be sustained. The benefit of a tax position is recognized in the financial statements in the period during which, based on all available evidence, management believes that it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any.

Tax positions are not offset or aggregated with other positions. Tax positions that meet the "more likely than not" recognition threshold are measured as the largest amount of tax benefit that is more than 50% likely to be realized on settlement with the applicable taxing authority. The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above is reflected as a liability for unrecognized tax benefits in the accompanying statements of financial position along with any associated interest and penalties that would be payable to the taxing authorities upon examination.

Forms 990 filed by the Foundation are subject to examination by the Internal Revenue Services (IRS) up to three years from the extended due date of each return.

Functional Allocation of Expenses

Included on the statement of activities is expenses by function with natural classification detail. Expenses that can be identified with a specific program are recorded directly according to their natural expense classification. Other expenses that are common to several functions are allocated by various methods.

Cash and Cash Equivalents

The Foundation considers all highly liquid debt instruments with an original maturity of three months or less to be cash and cash equivalents.

Concentrations of Credit Risk

Financial instruments that potentially subject the Foundation to concentrations of credit risk consist principally of cash and cash equivalents. The Foundation maintains its general cash accounts in one financial institution. Those balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000.

Certificates of Deposit

The Foundation holds non-brokered certificates of deposit which are carried at cost, which closely approximates fair value.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Investments and Investment Earnings

Investments in marketable securities with readily determinable fair value and all investments in debt securities are reported at their fair values. All investments are in mutual funds with readily determinable fair values. Investments are carried at fair value as determined by quoted market prices and realized and unrealized gains and losses are reported in the statement of activities. Investment income or loss is included in the statement of activities as an increase or decrease in unrestricted net assets unless the income or loss is restricted by donor or law.

Capital Assets

The Foundation capitalizes all expenditures for capital assets at historical cost. Donated capital assets are carried at the approximate fair value at the date of the donation. Depreciation is computed using primarily the straight-line method over the estimated useful years. As of June 30, 2023, the Foundation's capital assets consist of land which is not depreciable.

Contributed Nonfinancial Assets

Contributed nonfinancial assets are to be recognized in the financial statements. The services must either (a) create or enhance a non-financial asset or (b) be specialized skills, provided by entities or persons possessing those skills that would be purchased if not donated. The Foundation receives contributed nonfinancial assets generally in the form of contributed time by volunteers. However, these contributed nonfinancial assets are not reflected in the financial statements since they do not meet the criteria for recognition as contributed services. Contributed nonfinancial assets funded by the College are recognized in the financial statements and included in supporting services.

For the year ended June 30, 2023, the Foundation received contributed administrative services totaling \$87,267 from the College, a related party.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Foundation have evaluated subsequent events through September 13, 2023, which is the date the financial statements were available to be issued.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Pending Accounting Pronouncements

In June 2016, the FASB issued ASU 2016-13, Financial Instruments-Credit Losses. The standard requires a financial asset (including trade receivables) measured at amortized cost basis to be presented at the net amount expected to be collected. Thus, the statement of activities will reflect the measurement of credit losses for newly-recognized financial assets as well as the expected increases or decreases of expected credit losses that have taken place during the period. This standard will be effective for periods beginning December 15, 2022. Management is currently evaluating the impact of adoption of this ASU on the financial statements and the related notes to the financial statements.

Note 2: Liquidity and Availability of Financial Assets

The Foundation's primary sources of support are contributions, fundraising and income from investing its endowment. Most of that support is required to be used in accordance with the purpose restrictions imposed by the donors. The Foundation maintains at least \$300,000 on hand, which covers about 15 months of expenses. Excess cash is invested in certificates of deposit at local banks or added to existing investment accounts. The following table reflects the Foundation's financial assets as of June 30, 2023, reduced by amounts not available for general expenditures:

Total financial assets	\$ 5,428,993
Less those unavailable for general expenditure within one year due to:	
Purpose restrictions	5,012,018
Financial assets available to meet cash needs for general	
expenditures within the one year	\$ 416,975

Notes to Financial Statements

Note 3: Investments

All investments are carried by the Foundation at fair value. The investments at June 30, 2023 consist of the following:

			Unrealized Appreciation
	Fair Value	Cost	(Depreciation)
Money market	\$ 306,302	\$ 306,302	\$ -
Certificates of deposit	1,406,601	1,406,601	-
Mutual funds	988,940	1,121,403	(132,463)
Equities	1,886,320	1,435,455	450,865
Bonds and notes	288,898	294,067	(5,169)
Real assets	69,824	97,469	(27,645)
Total investments measured at fair value	\$ 4,946,885	\$ 4,661,297	\$ 285,588

The following schedule summarizes the investment return and its classification in the statement of activities - modified cash basis for the year ended June 30, 2023:

	With Donor Restrictions
Interest and dividends	\$ 94,123
Realized gains (losses)	47,421
Unrealized gains (losses)	112,983
Investment fees	(24,634)
Total	\$ 229,893

Note 4: Capital Assets

At June 30, 2023, the Foundation's capital assets consisted of donated land carried at the approximate fair value at the date of the donation.

	Fa		Accumulated Depreciation	Net	
Land	\$	40,000	5 - \$	40,000	

During fiscal year 2017, the Foundation purchased land from the College for \$10 to lease to a company that built apartments on campus. Since this is a related party transaction that is not at arm's length, the land was valued at approximated fair value instead of cost.

Notes to Financial Statements

Note 5: Endowment Funds

The Foundation's endowment consists of approximately 74 individual funds established to be maintained permanently with earnings to be used for a variety of purposes.

The Foundation follows the laws prescribed by the Uniform Prudent Management of Institutional Funds Act (UPMIFA). UPMIFA establishes law for the management and investment of donor-restricted endowment funds.

Interpretation of Relevant Law

The Board of Directors of the Foundation has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent any explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classified the net assets with donor restriction-perpetual endowments as (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as net assets with donor restrictions-perpetual endowments are classified as net assets with donor restrictions-endowments subject to spending policy and appropriation until those assets have been appropriated for expenditure by the Foundation in a manner consistent with the standards of prudence prescribed in UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate earnings on donor-restricted endowment funds:

- 1. The duration and preservation of the fund;
- 2. The purpose of the Foundation and the donor-restricted endowment fund;
- 3. General economic conditions;
- 4. The possible effect of inflation and deflation;
- 5. The expected total return from income and the appreciation of investments;
- 6. Other resources of the Foundation; and
- 7. The investment policies of the Foundation

Investment income generated by the Foundation's endowment funds are used to benefit each endowment's intended purpose.

The endowment net asset composition by type of fund as of June 30, 2023 is as follows:

	Without		Total	
	Donor	With Donor	Endowment	
	Restriction	Restrictions	Assets	
Donor-restricted endowment funds	\$	- \$ 4,382,187	\$ 4,382,187	

Notes to Financial Statements

Note 5: Endowment Funds (Continued)

Changes in endowment net assets as of June 30, 2023 are as follows:

	Without Donor Restriction		With Donor Restrictions	Total Endowment Assets
Endowment net assets, beginning of year	\$	- \$	3,958,268 \$	3,958,268
Investment return:				
Interest income		-	69,489	69,489
Net appreciation (realized and unrealized) on investments		-	160,404	160,404
Total investment return		-	229,893	229,893
Contributions		-	255,795	255,795
Net assets reclassified		-	27,661	27,661
Appropriation of endowment assets for expenditure		-	(99,430)	(99,430)
Endowment net assets, end of year	\$	- \$	4,372,187 \$	4,372,187

Funds with Deficiencies

From time to time, the fair value of the assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires the Foundation to retain as a fund of perpetual duration. The Foundation had no individual donor-restricted endowment fund deficiencies at June 30, 2023.

Return Objectives and Risk Parameters

The Foundation has adopted investment policies to maximize total return (appreciation and income) and to achieve a specified income level while minimizing credit risk and avoiding excessive market risk. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a specified period(s), as well as the earnings on those funds which have not yet been appropriated. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to preserve the principal and provide liquidity of amounts over the principal while assuming a moderate level of investment risk.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investments returns are achieved through both capital appreciation (realized and unrealized and current yield (interest and dividends). The Foundation's policy is that its investments should consist of a high-quality portfolio of securities following "the Prudent Man rule." Management believes this strategy will help to achieve the Foundation's long-term return objectives within prudent risk constraints. While this is the long-term strategy, on a short-term basis the Foundation chose to invest in highly liquid, short-term securities.

Notes to Financial Statements

Note 5: Endowment Funds (Continued)

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Foundation's spending policy is that income from donor-restricted funds will be spent on the intended service, program, or purpose, within a reasonable time period.

Note 6: Beneficial Interest in Perpetual Trusts

The Foundation is a beneficiary of a trust that stipulates it is the recipient of 20% of the trust's earnings. The principal is to be held for perpetuity. The beneficial interest in the perpetual trust is recorded at 20% of the trust's fair value. The recorded value was \$275,207 as of June 30, 2023. The change in fair value is recorded on the statement of activities.

The Foundation is a beneficiary of a trust that stipulates it is the recipient of 60% of the trust's earnings. The principal is to be held for perpetuity. The beneficial interest in the perpetual trust is recorded at 60% of the trust's fair value. The recorded value was \$64,840 as of June 30, 2023. The change in fair value is recorded on the statement of activities.

The Foundation is a beneficiary of a trust that stipulates it is the recipient of 50% of the trust's earnings. The principal is to be held for perpetuity. The beneficial interest in the perpetual trust is recorded at 50% of the trust's fair value. The recorded value was \$11,650 as of June 30, 2023. The change in fair value is recorded on the statement of activities.

The Foundation is a beneficiary of a trust that stipulates it is the recipient of 100% of the trust's earnings. The principal is to be held for perpetuity. The beneficial interest in the perpetual trust is recorded at 100% of the trust's fair value. The recorded value was \$24,463 as of June 30, 2023. The change in fair value is recorded on the statement of activities.

The Foundation is a beneficiary of a trust that stipulates it is the recipient of 50% of the trust's earnings. The principal is to be held for perpetuity. The beneficial interest in the perpetual trust is recorded at 50% of the trust's fair value. The recorded value was \$474,831 as of June 30, 2023. The change in fair value is recorded on the statement of activities.

Note 7: Pledges Receivables

Unconditional promises are included in the financial statements as pledges receivable and revenue of the appropriate net asset category. The breakdown of pledges receivable as of June 30, 2023 is as follows:

Due in one year or less	\$ 12,684
Less allowance for uncollectible pledges	(1,269)
Donation receivables	\$ 11,415

Notes to Financial Statements

Note 8: Investments

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy, as described under current accounting standards, are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table presents the Foundation's fair value hierarchy for the assets measured at fair value on a recurring basis as of as of June 30, 2023:

Fair Value Measurements at

		_	Reporting Date Using				
	Total		(Level 1)		(Level 2)	(Level 3)	
Assets measured at fair value on a recurring basis:							_
Mutual funds	\$ 988,940	\$	988,940	\$	- \$;	-
Equities	1,886,320		1,886,320		-		-
Bonds and notes	288,898		-		288,898		-
Real assets	69,824		69,824		-		_
Total investments measured at fair value	3,233,982		2,945,084		288,898		_
Beneficial interest in perpetual trusts	850,991		-		-	850,99	1
Total fair value measurements	\$ 4,084,973	\$	2,945,084	\$	288,898 \$	850,99) 1

Notes to Financial Statements

Note 8: Investments (Continued)

Reconciliation of assets measured using Level 3 inputs as of June 30, 2023:

Balance, beginning of year	\$ 821,951
Gains (losses)	32,789
Purchases	6,646
Distribution and fees	(10,395)
	_
Balance, end of year	\$ 850,991

The following methods and assumptions were used to estimate the fair value for each class of financial instrument measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Foundation are open end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Foundation are deemed to be actively traded.

Equities: Investments in equity vehicles are comprised of corporate stocks and daily traded mutual funds. Securities held in corporate stocks and daily traded mutual funds are generally valued based on quoted market prices in active markets obtained from exchange or dealer markets for identical assets, and are accordingly categorized as Level 1, with no valuation adjustments applied.

Bonds and notes: Investments in debt securities that are classified as Level 2 if the fair value is determined using similar benchmark quoted securities. They are subject to restrictive provisions relating to redemptions of the investments.

Beneficial Interests in Perpetual Trusts: As described in Note 6, the Foundation is the beneficiary of five perpetual trusts established by donors and managed by banks. The fair value of the beneficial interest is estimated using the fair value of the assets held in the trust reported by the trustee as of June 30, 2023. The Foundation considers the measurement of its beneficial interest in the perpetual charitable trust to be a Level 3 measurement because even though that measurement is based on the unadjusted fair value of trust assets reported by the trustee, the Foundation will never receive those assets or have the ability to direct the trustee to redeem them and they cannot be sold.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following tables represent the Foundation's Level 3 assets, the valuation techniques used to measure the fair value of the assets, the significant unobservable inputs, and the ranges of values for those inputs.

	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
D (C.1.)			5	
Beneficial interest in perpetual			Fair value of assets contributed to	
trusts	\$ 850,991	Market approach	trust	N/A

Notes to Financial Statements

Note 8: Investments (Continued)

Information regarding the fair value of assets and liabilities measured at fair value on a nonrecurring basis as of June 30, 2023 follows:

Fair Value Measurements at

		Reporting Date Using						
	Total	(Level 1)		(Level 2)	(Level 3)			
Assets measured at fair value on a nonrecurring basis:								
Contributed nonfinancial assets services	\$ 87,267	\$.	- \$	- \$	87,267			
Total	\$ 87,267	\$.	- \$	- \$	87,267			

The following presents quantitative information about nonrecurring Level 3 fair value measurements at June 30, 2023:

	 air Value	Valuation Technique	Significant Unobservable Inputs	Range
			Fair value of assets contributed to	
Contributed services	\$ 87,267	Market approach	Foundation	N/A

Note 9: Net Assets with Donor Restriction

Net assets with donor restrictions for purpose as of June 30, 2023 for the following:

Subject to expenditure for specified purpose:

Student scholarships, awards and College support	\$ 2,407,685
Perpetual endowments	
Perpetual endowments	2,604,333
Beneficial interest in perpetual trusts	850,991
	\$ 5,863,009

The Foundation reports gifts or cash as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when the purpose of the restriction is accomplished, with donor restriction net assets are reclassified to without donor restriction net assets and reported in the statement of activities as net assets released from restrictions.

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes during the years ended June 30, 2023 for scholarships, awards and institutional support totaled \$224,632.

Notes to Financial Statements

Note 10: Related Parties

The Foundation expends funds either directly to or for the indirect benefit of Spoon River College, a related party. These expenses are for scholarships and other miscellaneous expenses. During the year, \$139,713 was expended for scholarships and \$84,919 was expended for institutional support. As of June 30, 2023, the Foundation had payables to the College in the amount of \$117,670 and receivables from the College in the amount of \$11,415.

The College pays the salaries and benefits of the Foundation's employees. The Foundation has implemented "Not-for-Profit Entities: Services Received from Employees of an Affiliate" that includes \$87,267 on the financial statements as donation and the related in-kind expenses for the personnel costs incurred by the College on the Foundation's behalf.

Note 11: Commitments

As of June 30, 2023, the Foundation is committed to paying scholarships of approximately \$86,800 awarded in 2023, but not yet payable until the students enroll and attend classes.

Note 12: Contributed Nonfinancial Assets

Contributed nonfinancial assets consist of the following:

Contributed services \$ 87,267

The Foundation recognizes contributed nonfinancial assets within revenue, including contributed services. Unless otherwise noted, contributed nonfinancial assets did not have donor-imposed restrictions.

Contributed services recognized comprise professional services from College accounting and administrative personnel handling the Foundation's financial records and operational activities.
